

**Amendments to the Claims:**

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A front end part (7) for the engine hood (3) of a vehicle, the part being made of a deformable plastics material and including means (8) for fixing it to an engine hood (3) so as to extend the hood towards the front of the vehicle, in such a manner that said end part (7) accompanies the hood (3) when it is opened.
2. (Currently Amended) An end part (7) according to claim 1, ~~characterized in that it~~ wherein the end part forms at least a part of the shield (5) of the vehicle.
3. (Currently Amended) An end part (7) according to claim 1 ~~or claim 2~~, ~~characterized in that it~~ wherein the end part integrates at least a portion of the front light units of the vehicle.
4. (Currently Amended) An end part (7) according to ~~any one of claims 1 to 3~~ claim 1, ~~characterized in that it~~ wherein the end part includes a strength member (8) forming the means for fixing it to the hood (3).
5. (Currently Amended) An end part (7) according to claim 4, ~~characterized in that~~ wherein the strength member (8) forms a support for at least a portion of the front light units of the vehicle.
6. (Currently Amended) An end part (7) according to claim 4 ~~or claim 5~~, ~~characterized in that~~ wherein the strength member (8) includes an impact absorber (20).
7. (Currently Amended) An end part (7) according to ~~any one of claims 1 to 6~~ claim 1, ~~characterized in that it~~ wherein the end part includes an air intake (10) forming at least a portion of a radiator grille (11).
8. (Currently Amended) A motor vehicle front face (2) including a hood (3), a bumper (4), and an end part (7) according to ~~any one of claims 1 to 8~~ claim 1.
9. (Currently Amended) A front face (2) according to claim 8, ~~characterized in that~~ wherein said end part (7) forms at least a portion of the shield (5) of the bumper (4).
10. (Currently Amended) A front face (2) according to claim 9, ~~characterized in that~~ wherein the bumper (4) includes a spoiler (6) disposed beneath the end part (7), and in that slamming clearance (J) is provided between the end part (7) and the spoiler (6).
